[GOLD STANDARD NANNY AGENCY](#)

For anyone looking for help with childcare, then suggest contacting Renate and Clare at [Wimbledon Nannies](#) who can help with nannies, mothers help, maternity care and babysitting throughout London, Surrey and parts of Middlesex.

"I have no hesitation in highly recommending Wimbledon Nannies if you are looking for a full or part time nanny. Claire and Renata, the agency owners, have supplied us with three top rate nannies over a period of over ten years. In many ways we were spoilt for choice they sent us a number of fantastic nanny candidates for our post most of whom were suitable for the job we were offering.

I have been struck by Claire and Renata's attention to detail thus really ensuring the nannies they sent to us for interview were suitable for our post. They are also very friendly and helpful and respond to any queries we have very promptly. My children have adored the three nannies we have had through the agency and would, like me also highly recommend Wimbledon Nannies."
